George at Hawaii Towing Company came through for me when I had to tow my deceased father's 1956 T-Bird from his home. The vehicle had been sitting for over 30 years in a closed garage so small that I wasn't even sure it was possible to get the car out of there. The space was so tight the car doors could barely open. Making matters worse, there were no ignition keys. George had exceptional expertise in knowing for that particular car and model year I'd be able to put the gear in neutral which would allow the car to roll. The garage was located directly on a busy thoroughfare which would be challenging and potentially dangerous if we needed to block street lanes. He guided me in prepping everything ahead of time like filling the tires with some air which allowed us to push the car out and turn it onto the side of the street where his flatbed was. We didn't need to block traffic after all. He was amazing putting together a plan to successfully tow the car. George was very accommodating and so helpful every step of the way. I'm so grateful for his expertise and professionalism. I highly recommend using Hawaii Towing Company. They will do whatever it takes to get the job done and for a fair and reasonable price.

He answered the phone at 6am, he was able to tell me how long and how much. I waited, he called to tell me he was close by and my car got towed. Great guy, great customer service and great conversation the whole car ride. Definitely recommend and would use again and again. Thank you so much!

First class service from George at Hawaii Towing Company. I called at 8 pm and he was quick to answer on the second ring George was at my location by 8:30 pm and my Sequoia was on his truck ready to go shortly after. George was very professional and I would highly recommend Hawaii Towing Company to anyone needing tow services. I will be saving his number in my contacts just in case I ever need help again. Big MAHALO

I called and was able to get a last minute haul for a storage container that needed special towing. George was top notch in his timing and in his customer service. Thanks again for taking great care of us, we will definitely be using them again and recommending this company to anyone and everyone 🌸 ...

Amazing Job and skills of Hawaiian George Corpus! Actually he saved the nite for us! State Farm could not help us to get towed and we waited 4 hours, on the H-2! We were tired and cold because it was raining! State Farm will get their review! But we want to say Mahalo Nui to Hawaii Towing Brahda George Corpus for caring enough to get our stepvan off the freeway! Aloha

Not only was this company professional, honest and efficient but they are just good people. I had an unexpected steering column seizure on a Friday night in Mililani. I was so impressed with there equipment and professional manner I called them back to move the van again when it had to go to the dealer. I kept there number in my phone and will call them first.

Omg! 2 other towing companies couldn't jump my Sprinter van. I was stranded for 3 hours and Geico roadside was no help! I left the van overnight and Geico told me to find someone to tow it. (Canceling their service asap.) Other companies are taking hours ti arrive. I found George/HI Towing on Google and he accepted my call immediately. He was so nice and comforting! Stayed in contact with me and came to pick up my van in no time. He tried to jump it and in 5 seconds started my van! I'm never calling anyone else ever again! Awesome service and quick response. Super professional. Excellent experience. 10 stars if i could! Thanks George!

Great towing service made time to come out and do the impossible, my car was stuck on a bollard with the bollard stick up so it needed to be lifted and backed out without further damaging the vehicle. As soon as he saw the situation he was able to improvise a maneuver based on his expertise he got the job done with a flat bed 5 star all the way and he is saved in my contacts as my personal tow
